This week we are finalising preparations for the annual Presentation Night to be held at the Conservatorium of Music next Thursday starting at 5.30pm. We hope to see all families for this end of year celebration of student excellence for 2015.

On Monday the staff and students extended their thanks to our wonderful scripture teachers for volunteering their time each week to deliver scripture lessons to each class. The students presented them with a small gift to acknowledge their efforts. All staff, students and parents would like to extend our warmest wishes and congratulate Mr MacDonald on his wedding this coming weekend!

"A police officer named Greg Treavors came to Clergate and showed us how cyber safety is important. He also showed us the apps that we have to be careful with. He showed us his gear and he used his stretchable baton". Summer

"There is a thing called digital footprints which people can find photos of what you've deleted and anyone can find you through Facebook and what not" Brock

"It was fun to have Greg come and teach us about cyber safety. I learnt lots" John

On Thursday 12 November, Senior Constable Greg Treavors from Orange Police Station visited Class 4-6 to educate them about cyber safety and cyber bullying. Students learnt about ways in using technology appropriately and safely, and about the potential dangers of the cyber world. Students were encouraged to speak to an adult if faced with inappropriate or uncomfortable content. Other key points were to not share information with strangers and don't trust people you don't know.

CYBERSAFETY TIPS
Keeping your kids safe online is easy with a few simple precautions:
1. Nothing replaces parental supervision and education for kids about cybersafety.
2. Set a technology curfew.
3. Remind your child to never give out identifying information such as your home address, school name or telephone number in a public message such as chat or newsgroups.
4. Good manners also exist online. Advise your children not to send nasty or threatening messages to others online. This is cyber bullying!
5. Remind your child that people don't always tell the truth online, and they can't take anything at face value.
6. Reassure your child that they can tell you anything, without fear of losing the laptop or internet access.
7. If they get a message or email that's threatening or rude, they should 'STOP, BLOCK, TELL'. First step is to tell your child to stop responding to the abuse and then block those people sending threatening or rude messages if they continue. Let your child know that if they are being bullied, or know someone else who is, they should tell a trusted adult.
